

Progress Report 4: Environmental Assessment / Impact Statement Milestone

January 2026

Statement of Qualifications and Limitations: AECOM

The attached Report (the “Report”) has been prepared by AECOM Canada ULC. (“AECOM”) for the benefit of the Client (“Client”) in accordance with the agreement between AECOM and Client, including the scope of work detailed therein (the “Agreement”).

The information, data, recommendations and conclusions contained in the Report (collectively, the “Information”):

- is subject to the scope, schedule, and other constraints and limitations in the Agreement and the qualifications contained in the Report (the “Limitations”);
- represents AECOM’s professional judgement in light of the Limitations and industry standards for the preparation of similar reports;
- may be based on information provided to AECOM which has not been independently verified;
- has not been updated since the date of issuance of the Report and its accuracy is limited to the time period and circumstances in which it was collected, processed, made or issued;
- must be read as a whole and sections thereof should not be read out of such context;
- was prepared for the specific purposes described in the Report and the Agreement; and
- in the case of subsurface, environmental or geotechnical conditions, may be based on limited testing and on the assumption that such conditions are uniform and not variable either geographically or over time.

AECOM shall be entitled to rely upon the accuracy and completeness of information that was provided to it and has no obligation to update such information. AECOM accepts no responsibility for any events or circumstances that may have occurred since the date on which the Report was prepared and, in the case of subsurface, environmental or geotechnical conditions, is not responsible for any variability in such conditions, geographically or over time.

AECOM agrees that the Report represents its professional judgement as described above and that the Information has been prepared for the specific purpose and use described in the Report and the Agreement, but AECOM makes no other representations, or any guarantees or warranties whatsoever, whether express or implied, with respect to the Report, the Information or any part thereof.

Without in any way limiting the generality of the foregoing, any estimates or opinions regarding probable construction costs or construction schedule provided by AECOM represent AECOM’s professional judgement in light of its experience and the knowledge and information available to it at the time of preparation. Since AECOM has no control over market or economic conditions, prices for construction labour, equipment or materials or bidding procedures, AECOM, its directors, officers and employees are not able to, nor do they, make any representations, warranties or guarantees whatsoever, whether express or implied, with respect to such estimates or opinions, or their variance from actual construction costs or schedules, and accept no responsibility for any loss or damage arising therefrom or in any way related thereto. Persons relying on such estimates or opinions do so at their own risk.

Except (1) as agreed to in writing by AECOM and Client; (2) as required by-law; or (3) to the extent used by governmental reviewing agencies for the purpose of obtaining permits or approvals, the Report and the Information may be used and relied upon only by Client.

AECOM accepts no responsibility, and denies any liability whatsoever, to parties other than Client who may obtain access to the Report or the Information for any injury, loss or damage suffered by such parties arising from their use of, reliance upon, or decisions or actions based on the Report or any of the Information (“improper use of the Report”), except to the extent those parties have obtained the prior written consent of AECOM to use and rely upon the Report and the Information. Any injury, loss or damages arising from improper use of the Report shall be borne by the party making such use.

This Statement of Qualifications and Limitations is attached to and forms part of the Report and any use of the Report is subject to the terms hereof.

The Assessment Process	The Environmental Assessment / Impact Assessment
ToR	Terms of Reference
WSR	Webequie Supply Road

1. Introduction

1.1 Overview

This Milestone #4 Progress Report is the last of four consultation and engagement reports that collectively make up the Record of Consultation and Engagement (RoCE) for Indigenous Communities, as part of the Marten Falls First Nation (MFFN) Community Access Road's Final Environmental Assessment / Impact Statement (EA / IS).

A RoCE for Interested Persons and a RoCE for Government Agencies are also included in the Final EA / IS. Additionally, a Cumulative Effects Consultation Report has also been prepared¹. All RoCEs are part of Appendix X of the Final EA / IS.

Figure 1-1 illustrates the four milestone reports and their respective date ranges; each of Milestones #1 through #3 Progress Reports have been previously released to individual Indigenous communities for review and comment. While a separate Milestone #4 Progress Report was not mandated, its inclusion reflects MFFN's commitment to transparency and meaningful consultation and engagement.

1. A Cumulative Effects Consultation Report was an additional requirement as part of the Terms of Reference approval.

Figure 1-1: The Record of Consultation and Engagement for Indigenous Communities

The reporting time period of Milestone #4 Progress Report begins on August 1, 2024, the day after the third milestone (Identification of Preferred Alternatives) concluded, and ends September 5, 2025.

This report documents all communications, consultation, and engagement activities during this time period, including efforts related to the preparation and release of the Draft EA / IS in support of the Final EA / IS submission.

The September 5, 2025, end date for this reporting period marked the conclusion of the Draft EA / IS review phase and accommodated extension requests from Indigenous communities and government agencies for submitting formal comments on the Draft EA / IS; the original submission date of June 23, 2025, provided Indigenous communities four months to provide feedback and with the extension a total of six and a half months was provided.

Outreach conducted after September 5, 2025, is reflected in Section 11 “We Listened” of the Final EA / IS, and feedback provided after this date may also appear in Appendix C, Feedback and Response Log, of the Final EA / IS. Accepting feedback on the Draft EA / IS up to September 5, 2025, accommodated extension requests and helped ensure that the MFFN Community Access Road Project Team had sufficient time to review, analyze, and respond to comments received on the Draft EA / IS. This approach allowed feedback to be thoughtfully and accurately documented and incorporated, where appropriate, into the Final EA / IS.

While the MFFN Community Access Road Project Team worked to include as much feedback as possible received after September 5, 2025, into the Final EA / IS, incorporation depended on when comments were received and the complexity of the issues raised. Indigenous communities have an opportunity to comment on the Final EA / IS and raise any outstanding or additional feedback at that time.

1.1.1 Major Consultation and Engagement Initiatives and Feedback

The reporting period for Milestone #4 Progress Report encompassed a broad range of communication, consultation, and engagement initiatives to provide Indigenous communities with meaningful opportunities to participate in the Environmental Assessment / Impact Assessment (Assessment Process), including but not limited to:

- **Indigenous Knowledge (IK) Program:** Continued implementation of the IK Program supported the collection and integration of traditional land use and cultural information into the assessment. Several communities provided IK information during this period, which informed Aboriginal and / or Treaty Rights and Interests (ATRI) and valued component studies.
- **Draft EA / IS:** Released the Draft EA / IS for early review by Indigenous communities on February 19, 2026, including plain language summaries in multiple languages and an Assessment Summary Package. Meetings, webinars, and Public Information Centre (PIC) #6 were also hosted to support understanding and encourage feedback during the Indigenous review period. More details on the Draft EA / IS are provided in **Section 1.1.2**.
- **Community Well-Being Report:** This report, focusing on socio-economic conditions, health, and cultural considerations, was advanced and shared with communities for review and feedback on April 10, 2025.
- **ATRI Work:** Community-specific Aboriginal and / or Treaty Rights and Interests: Draft Impact Assessment Reports (ATRI: Draft IA Report) were distributed to communities between June 10 to July 11, 2025, for comment, reflecting both publicly available information and ATRI / IK provided to date by Indigenous communities.

- **Three Roads Project Gathering and Expo:** Hosted in Thunder Bay and Timmins in February 2025, this forum brought together Indigenous communities, provincial representatives, and project teams for the Community Access Road, Webequie Supply Road, and Northern Road Link. This event featured project overviews, panel discussions, and breakout sessions in an expo-style format to encourage dialogue on cumulative effects, ATRI considerations, and community priorities. Private breakout sessions were offered to Indigenous communities to discuss project-specific concerns and provide feedback.
- **Funding Programs:** The Community Capacity Funding Program was introduced in November 2024, to replace the Community Coordinator Program, offering flexible funding to support communities in reviewing the Draft EA / IS and participating in consultation and engagement activities.
- **PIC #6:** Held in Thunder Bay and Geraldton in May 2025, PIC #6 provided updates on the Assessment Process, Cumulative Effects Assessment, and community well-being findings.
- **Webinars and Multimedia:** A series of webinars and videos were delivered on topics such as cumulative effects, valued components, and socio-economic considerations. These were complemented by plain language summaries, translated materials, and monthly E-blasts to make technical information accessible.
- **Band Council Resolution:** MFFN members contributed IK, land and resource use information, and feedback on existing conditions and areas of concern. Community members participated in the evaluation of route alternatives, supported the development of preliminary route recommendations, and reviewed the technically Preferred Route. This engagement culminated in a Band Council Resolution supporting the Preferred Route in August 2024. These activities were supported by ongoing outreach through social media, targeted communications, and both virtual and in-person meetings, helping ensure consultation and engagement remained inclusive and responsive throughout the milestone.

Feedback heard through this reporting period includes, but is not limited to, the following topics:

- Community well-being;
- Cumulative effects;
- Access and safety;
- Consultation and engagement;
- Socio-economic opportunities;

- Construction activities and long-term operation and maintenance of the Community Access Road;
- Cultural heritage;
- Indigenous Knowledge; and
- Climate change.

1.1.2 Importance of the Draft EA / IS

As further described in **Section 1.2**, this milestone is voluntary—MFFN chose to release a Draft EA / IS even though this is not a regulatory requirement. Doing so, however, provided Indigenous communities, interested persons, and government agencies early access to Community Access Road information and findings, and created meaningful opportunities for feedback prior to the submission of the Final EA / IS.

This proactive step allowed for a more collaborative process. Without the release of the Draft EA / IS, the first and only opportunity to review and comment would have occurred after submission of the Final EA / IS to federal and provincial agencies. By contrast, the Draft EA / IS review period resulted in over 1000 comments from Indigenous communities. These comments informed the preparation of the Final EA / IS and allowed the MFFN Community Access Road Project Team to incorporate input where possible in the Final EA / IS.

This Milestone #4 Progress Report demonstrates how consultation and engagement efforts were tailored to provide opportunities for Indigenous communities to participate in the review of the Draft EA / IS prior to the review deadline.

Consultation and engagement activities undertaken during this reporting period are included, as well as comments and feedback received up to the end of the Draft EA / IS review period. **This report does not include formal comments submitted by Indigenous communities on the Draft EA / IS or the responses to those comments. This information is available in the Feedback and Response Log, available in Appendix C of the Final EA / IS.** This log includes feedback received from Indigenous communities; the corresponding responses; and resulting changes to the Final EA / IS, where applicable. If specific topics were raised, section references of the Final EA / IS are also provided to direct readers to more detailed information.

1.2 Federal and Provincial Requirements

There are both federal and provincial requirements that set the framework for the Assessment Process. These are summarized below and were used to inform the Consultation and Engagement Plan developed during the Terms of Reference to guide communications, engagement, and consultation related to the Community Access Road.

1.2.1 Federal Requirements

Federal requirements for engagement, specific to Indigenous communities, on the Community Access Road can be found in the following federal documents:

- Tailored Impact Statement Guidelines (Impact Assessment Agency of Canada, 2020a); and
- Indigenous Engagement and Partnership Plan for the Community Access Road (Impact Assessment Agency of Canada, 2021).

In addition, the Tailored Impact Statement Guidelines require Gender-Based Analysis Plus (GBA Plus) to be applied to impact assessments in Canada. Section 11 of the Final EA / IS provides information on how GBA Plus has been applied to the Community Access Road.

1.2.2 Provincial Requirements

The Marten Falls-Ontario Memorandum of Understanding on Shared Consultation Responsibilities (AECOM, 2020) was signed in January 2020 between MFFN and the Province of Ontario. The Memorandum outlines shared responsibilities regarding the procedural aspects of Ontario's duty to consult in the context of the provincial Environmental Assessment for the proposed Community Access Road, for potentially impacted and interested Indigenous communities. Roles and responsibilities governed by the Memorandum include consultation planning and notification, delivery of the planned activities, issues resolution and follow-up, and record keeping for consultation and engagement with Indigenous communities.

A Terms of Reference (ToR) is the first step in the provincial EA process and is a roadmap for planning and decision-making. It outlines how an EA should be prepared, including the studies to be conducted, the process for identifying and assessing the effects of a proposed project, and how people should be consulted.

The ToR for the MFFN Community Access Road was approved with amendments on October 8, 2021, and the Notice of Commencement (NoC) of the provincial EA for the Community Access Road was posted on October 29, 2021. As part of the ToR – Notice of Approval, Ontario's Minister of the Environment, Conservation and Parks (MECP) included an amendment requiring three additional consultation and engagement reports with Indigenous communities (for example, Milestone Progress Reports) at key EA milestones. Visit <https://www.ontario.ca/page/marten-falls-community-access-road-project> to read the details on the Notice of Approval.

As required by the MECP, progress reports were developed to reflect consultation and engagement activities associated with each of the following EA milestones, with intent to support Indigenous communities in providing meaningful input during the development of the EA:

- **Milestone #1:** NoC of Provincial EA (referred to as NoC of EA) – sent to Indigenous communities December 6, 2022. The reporting period covered October 29, 2021, to June 30, 2022, and focused on the introduction of the Community Access Road.
- **Milestone #2:** Effects Assessment Methods – sent to Indigenous communities November 27 and 29, 2023. The reporting period covered July 1, 2022, to May 31, 2023, and focused on the development of the Effects Assessment methodology, including review by regulators and presentation of the Effects Assessment methodology at PICs.
- **Milestone #3:** Identification of Preferred Alternatives – sent to Indigenous communities November 28 and 29, 2024. The reporting period covered June 1, 2023, to July 31, 2024, and focused on the development of: valued component metrics tables and evaluation of information; development of a preliminary preferred alternative; validation of information with MFFN Chief and Council and community members; and confirmation of the Preferred Route through submission of the final route recommendation memo to Chief and Council, resulting in a Band Council Resolution for the Preferred Route.

Each progress report was required to:

- Be organized by each Indigenous community;
- Contain a consultation and engagement log and summary that tracks consultation and engagement activities, information shared by the MFFN Community Access Road Project Team with Indigenous communities, and community input and MFFN Community Access Road Project Team's responses to such input for the EA milestone; and
- Contain a discussion of how input and information provided by the Indigenous communities have informed the development of the EA milestone.

Each report met the requirements noted above and community-specific sections were distributed to each individual Indigenous community for review and comment. Each progress report was also shared with the Ministry of the Environment, Conservation and Parks.

Provincial requirements were inclusive of all federal requirements, and both were met during the Assessment Process. Additional requirements outlined in the Marten Falls-Ontario Memorandum of Understanding on Shared Consultation Responsibilities were also met.

1.3 Indigenous Communities Identified for Consultation and Engagement

MFFN has consulted and engaged with Indigenous communities identified by the MECP and the Impact Assessment Agency of Canada (the Agency) based on the level of interest expressed by each community.

In total, there are 31 Indigenous communities, Tribal Councils, and Political Treaty Organizations / Provincial Territorial Organizations being consulted and engaged on the Community Access Road (23 Indigenous communities and 8 Tribal Councils, and Political Treaty Organizations / Provincial Territorial Organizations).

From August 1, 2024, to September 5, 2025, the Community Access Road received communication from 19 of the 31 being engaged, listed below. Additionally, 12 Indigenous communities, Tribal Councils, and / or Political Treaty Organizations / Provincial Territorial Organizations who met with the MFFN Community Access Road Project Team during this reporting period are indicated with an asterisk (*):

- MFFN*;
- Animbiigoo Zaagi'igan Anishinaabek*;
- Aroland First Nation*;
- Attawapiskat First Nation*;
- Constance Lake First Nation*;
- Chiefs of Ontario;
- Eabametoong First Nation (Fort Hope);
- Fort Albany First Nation*;
- Ginoogaming First Nation*;
- Kasabonika Lake First Nation;
- Kashechewan First Nation*;
- Kitchenuhmaykoosib Inninuwug First Nation;
- Long Lake #58 First Nation*;
- Matawa First Nations Management*;
- Métis Nation of Ontario;
- Mushkegowuk Council*;
- Nibinamik First Nation*;
- Red Sky Métis Independent Nation*; and
- Weenusk First Nation.

The following 12 of 31 did not communicate with MFFN from August 1, 2024, to September 5, 2025. MFFN continued to offer to meet and shared updates on an ongoing basis (e.g., monthly E-blasts, notifications, field notices). The 12 Indigenous communities, Tribal Councils, and / or Political Treaty Organizations / Provincial Territorial Organizations include:

- Independent First Nations Alliance;
- Kingfisher Lake First Nation;
- Mishkeegogamang First Nation;
- Neskantaga First Nation;
- Nishnawbe Aski Nation;
- Nokiiwin Tribal Council;
- Shibogama First Nations Council;
- Union of Ontario Indians;
- Wapekeka First Nation;
- Wawakapewin First Nation;
- Webequie First Nation; and
- Wunnumin Lake First Nation.

The term “neighbouring” is used to identify any Indigenous community being consulted and engaged with respect to the Community Access Road; the term is not in reference to proximity. MFFN is regarded as both the Proponent and the most potentially impacted community; and participates in consultation and engagement activities for neighbouring Indigenous communities.

To help achieve an appropriate level of consultation and engagement related to the Community Access Road, (i.e., frequency and depth of consultation and engagement), the list of communities being engaged was considered against the following:

- Expressed interest (to-date) in the Community Access Road, including applying to Ministry of Energy and Mines, and the Agency for capacity funding, and / or participation in the IK Program, the Community Coordinator Program, and the Community Capacity Funding Program;
- ATRI, including any rights that neighbouring Indigenous communities have identified that may be adversely affected by the Community Access Road;
- Geographical distance or proximity to the study area;
- Located downstream of the Community Access Road, with the potential to experience effects to watercourses due to the Community Access Road;
- Traditional and / or current land use within the study area or of lands potentially affected by the Community Access Road;
- Potential for effects on the environmental and community well-being (social, economics, and human health conditions) of neighbouring Indigenous communities; and
- Provided comments during the Assessment Process.

Throughout the Assessment Process, the MFFN Community Access Road Project Team adjusted their approach to engaging each individual Indigenous community in consideration of these criteria; evolving the list as new information became available and additional neighbouring Indigenous communities engaged in the consultation and engagement opportunities provided. These opportunities are summarized in **Section 2**.

The above criteria were also used to identify which communities were offered funding to participate in the Indigenous Knowledge Program and the Community Capacity Funding Program². Section 11 of the Final EA / IS provides more information on the IK Program and the Community Capacity Funding Program. The status of participation for both these programs can be found in **Table 1-1**.

2. To better serve the interest of Indigenous communities in reviewing the Draft EA / IS, the Community Coordinator Program was replaced with the Community Capacity Funding Program in November 2024.

Additionally, MFFN and Aroland First Nation members were also offered employment opportunities as Field Study Support Staff to assist with field programs and were provided funding for goods and services associated with in-person meetings, such as transportation, catering, and meeting set-up.

Table 1-1: Status of Neighbouring Indigenous Communities' Participation in the Community Capacity Funding Program and Funding Offer for the IK Program

No.	Indigenous Community	Status of Uptake in Community Capacity Funding Program and Comments on the Draft Environmental Assessment / Impact Statement	Status of Uptake for Community Coordinator Program	Status of Funding Offer for Indigenous Knowledge Program

1.4 Summary of Input and Information Received

Throughout this reporting period, issues, comments, and interests were provided by Indigenous communities.

An issue is defined as feedback provided that has the potential to influence the Assessment Process.

A comment or interest is defined as a question, statement, data, and / or information that does not have the potential to influence the Assessment Process.

Feedback is documented in the consultation and engagement log within each community-specific section, however, only issues are elaborated on in the community-specific Summary of Feedback Received and Response / Action tables. All comments and interests are available in Appendix X of the Final EA / IS.

Section 2 includes a summary of key consultation and engagement activities and a more detailed summary of issues received through consultation and engagement activities.

Section 3 provides a detailed record of the consultation and engagement efforts with each of the 31 Indigenous communities and organizations, including all communications received between August 1, 2024, and September 5, 2025. The community-specific sections also include discussion of how input provided (e.g., issues) by the Indigenous communities has informed or been considered in the Assessment Process, as well as Final EA / IS section references for more information on select topics.

2. Consultation and Engagement

2.1 Approach and Consultation and Engagement Activities

As outlined in the Consultation and Engagement Plan to support the Assessment Process, this Milestone #4 Progress Report reporting period focused on the following activities and requests for targeted input.

Activities for Indigenous communities:

- Held Indigenous leadership and community discussions / meetings, considering applicable and relevant subgroups (e.g., women, youth, and Elders), in-person and virtual;
- Circulated Community Access Road updates, including 12 E-blasts;
- Sent emails and made phone calls to confirm interest in being consulted on the Community Access Road (for communities that had not yet expressed interest);
- Developed plain language updates (translated, as required);
- Maintained a website to share the latest updates and information on the Community Access Road;
- Distributed field notices and updates regarding specific programs;
- Circulated email updates;
- Posted social media updates;
- Conducted follow-up communications to confirm information was received and the material(s) provided were understood;
- Encouraged participation in Community Access Road programs including the IK Program and Community Capacity Funding Program;
- Circulated Notice of Release of the Draft EA / IS (translations available);
- Distributed Notice of PIC #6;
- Held PIC #6 in Thunder Bay and Geraldton, along with two in-community MFFN meetings, two in-community Aroland meetings, and online version of PIC #6;
- Circulated materials to support the review of the Draft EA / IS, including an Assessment Summary Package and plain language summaries;
- Circulated information on the Community Capacity Funding Program to 15 communities to support the review of the Draft EA / IS;
- Distributed 11 plain language summaries in five languages (English, French, Ojibway, Cree, and Oji-Cree);

- Posted three videos on What We've Heard, Draft EA / IS Update, and Understanding Cumulative Effects;
- Distributed community-specific ATRI: Draft IA Reports;
- Held six meetings with MFFN Chief and Council and broader community;
- Held eight meetings with Indigenous communities;
- Distributed notices for the online webinar series, including Community Well-Being, Ungulates, Fish and Fish Habitat, and Land and Resource Use;
- Hosted an online webinar series on Community Well-Being, Ungulates, Fish and Fish Habitat, and Land and Resource Use;
- Held the second Three Road Projects Gathering and Expo;
- Shared multimedia-based communications related to the Draft EA / IS such as videos, live webinars, and web updates; and
- Sent an introductory letter and Frequently Asked Questions about the Draft EA / IS.

Requested information to determine and identify the following targeted input:

- The navigability of the Preferred Route;
- Indigenous community's values and topics of interest;
- Potential effects and mitigation measures to be considered, monitored and adapted to;
- Impacts of the Community Access Road on ATRI, socio-community, and economic impacts, and potential impact management measures to avoid, mitigate, and off-set the impact(s);
- Validation of reports including Milestone #3 Progress Report and ATRI: Draft IA Report;
- Cumulative effects assessment results and the Project Inclusions List;
- GBA;
- Confirmation on whether input and feedback provided during the previous milestone was captured appropriately;
- Confirmation of how Indigenous communities would like to receive the Draft EA / IS, language preferences for translations, study areas of interest, and their interest in scheduling a meeting with the MFFN Community Access Road Project Team; and

- The Draft EA / IS conclusions, including technical reports and the Record of Consultation and Engagement for Interested Persons, and whether input and feedback provided during the previous milestone was captured appropriately.

The documents associated with the activities and targeted input for Indigenous communities can be found in **Appendix A**.

The following further describes the above activities and requests for targeted input that took place during this reporting period.

2.1.1 Draft EA / IS

The early release of the Draft EA / IS started on February 18, 2025, for an Indigenous community review period of 120 days. The public and regulator review period started on April 22, 2025, for a 60-day review period. The comment period for Indigenous communities, the public, and regulators was intended to conclude on June 23, 2025³, however, requests for extensions were received from government regulators and Indigenous communities. Comments and feedback accepted up until September 5, 2025, are included within this reporting period; input received and information provided or activities conducted after this date are reflected within Section 11 of the Final EA / IS.

Consultation and engagement activities related to the release of the Draft EA / IS began with letters issued to the 31 Indigenous communities, Tribal Councils, and Political Treaty Organizations / Provincial Territorial Organizations engaged on the Community Access Road. The intent was to advise of the upcoming release of the Draft EA / IS; to help ensure those who were interested in taking part in the review were well informed and prepared for the process. The letter outlined the overall Draft EA / IS process, the review process, how the Community Access Road Project Team could support in the review process, and the estimated document content and size. A Frequently Asked Questions document regarding the circulation of the Draft EA / IS was also provided. An online questionnaire was included in the email to determine each community's main point of contact and preferred format to receive the Draft EA / IS. It also offered an opportunity to share their preferred language for translations, their key areas of interest, and whether they would like to meet with the MFFN Community Access Road Project Team to discuss the Draft EA / IS. A copy of the Frequently Asked Questions and questionnaire is provided in **Appendix A**.

In addition, key information related to the Draft EA / IS was provided in the monthly E-blasts, videos, and social media posts leading up to the official release.

3. *The deadline for the review of the Draft EA / IS was initially communicated as June 18, 2025. The deadline for feedback was changed to June 23, 2025, to account for the Easter holidays.*

On February 12 and 19, 2025, the MFFN Community Access Road Project Team met with MFFN members in-community and in Thunder Bay, respectively, to deliver a printed copy of the Draft EA / IS and help guide the Community through the document. To assist in the review of the Draft EA / IS, an Assessment Summary Package was created. The Assessment Summary Package included a letter from Chief Bruce Achneepineskum, frequently asked questions, information on what is included in the Draft EA / IS, the Executive Summary, plain language summaries, a technical guide to the plain language summaries, and a USB with all the contents of the Draft EA / IS and its supporting documents.

On February 19, 2025, an email was sent to Indigenous community key contacts sharing the link to the Draft EA / IS and informing them of the 120-day review period for Indigenous communities. Links to supporting documents were also shared, including the Assessment Summary package and its contents. Communities who had requested hard copies of the Draft EA / IS had copies shipped to them. Furthermore, a hard copy of the Draft EA / IS and supporting technical documents were made available for in-person viewing at the MFFN Band Office in Ogoki, Matawa First Nations Management office in Thunder Bay, the Choose Life office in Geraldton, Greenstone Public Library at the Geraldton and Long Lac branches, Sioux Lookout Public Library, Thunder Bay Public Library – Waverley Resource Library, and Timmins Public Library.

The Community Well-Being Report was not available at the time of distribution of the Draft EA / IS. It was provided to Indigenous community key contacts on April 10, 2025, and MFFN community members on April 16, 2025 (the delay was caused by a technical difficulty).

Throughout the review period, meetings were offered to Indigenous communities to answer questions or assist in reviewing the documents. The MFFN Community Access Road Project Team relayed information on the Draft EA / IS through various information outlets, including but not limited to, monthly E-blasts, webinars, videos, monthly outreach to Indigenous key contacts, and website updates.

Feedback, comments and questions were welcomed via email, telephone or mail until June 23, 2025. To accommodate extension requests from Indigenous communities and government regulators, the comment capture period was extended until September 5, 2025. Over 1000 comments were received by the MFFN Community Access Road Project Team on the Draft EA / IS from nine Indigenous communities, including Aroland First Nation, Animiigoo Zaagi'igan Anishinaabek, Constance Lake First Nation, Fort Albany First Nation, Ginoogaming First Nation, Kashechewan First Nation, Mushkegowuk Council, Nibinamik First Nation, and Weenusk First Nation. In addition, comments on the Draft EA / IS were provided by Attawapiskat First Nation to MECP and the Agency, copying the MFFN Community Access Road Project Team. Comments and responses to the feedback received on the Draft EA / IS, including how each was considered, is documented in a Feedback and Response Log in Appendix C of the Final

EA / IS. The log lists the comment submitted, the response to that comment, and where those changes appear in the Final EA / IS, if any changes were necessary.

The following Indigenous communities did not provide comments on the Draft EA / IS: MFFN, Chiefs of Ontario, Eabametoong First Nation, Kasabonika Lake First Nation, Kitchenuhmaykoosib Inninuwug First Nation, Long Lake #58 First Nation, Matawa First Nations Management, Métis Nation of Ontario, Red Sky Métis Independent Nation, Independent First Nations Alliance, Kingfisher Lake First Nation, Mishkeegogamang First Nation, Neskantaga First Nation, Nishnawbe Aski Nation, Nookiwini Tribal Council, Shibogama First Nations Council, Union of Ontario Indians, Wapekeka First Nation, Wawakapewin First Nation, Webequie First Nation, and Wunnumin Lake First Nation.

The following table (**Table 2-1**) shows the topics / disciplines that each Indigenous community provided feedback on in their review of the Draft EA / IS. Topics that were commented on are shown with a check mark.

Table 2-1: Draft EA / IS Comments from Indigenous Communities by Topic / Discipline

Topic	Animbiigoo-Zaagi'igan Anishinaabek	Attawapiskat First Nation	Aroland First Nation	Constance Lake First Nation	Fort Albany First Nation	Ginoogaming First Nation	Kashechewan First Nation	Mushkegowuk Tribal Council	Nibinamik First Nation	Weenusk First Nation

2.1.2 PIC #6

PIC #6 was held on May 26, 2025, in Thunder Bay and on May 29, 2025, in the Municipality of Greenstone (Geraldton). PIC #6 was held in an open house format and featured a series of display boards, large maps, and hand outs. PIC #6 provided an update on the Community Access Road, including: the Assessment Process; the Cumulative Effects Assessment, the Project Inclusions List, and results; how the road will affect community well-being for MFFN and nearby communities; land and resource use; and information on the Country Foods sampling program. The MFFN Community Access Road Project Team, including MFFN Senior Community Member Advisors, and Consultants, were available to guide attendees through the display boards and answer questions. Attendees were encouraged to review the display boards and provide comments and feedback through discussions.

The following printed and online materials were available for attendees:

- Paper copy of the open house boards;
- Frequently Asked Questions – Draft EA / IS;
- Draft EA / IS Executive Summary (English, Cree, Oji-Cree, and Ojibway);
- 11 plain language summaries (English, Oji-Cree, and Ojibway)⁴;
- Maps of: Preferred Route, tourism outfitter locations, Project Inclusions List (cumulative effects), and trapline areas;
- Cumulative Effects Inclusions List information sheet;
- Community Well-Being – Economics Information Sheet; and
- Socio-Community Effects and Mitigations Information Sheet.

Approximately 27 individuals attended PIC #6 (11 attendees in Thunder Bay on May 26, 2025, and 16 attendees in Geraldton on May 29, 2025). Attendees included Indigenous community members, federal and provincial agencies, members of the public / local residents, and environmental group and industry representatives.

A shuttle service was offered for nearby Long Lake #58 First Nation and Ginoogaming First Nation members to attend PIC #6. Shuttle services were declined, however, a group of Elders from Long Lake #58 First Nation attended PIC #6 in Geraldton.

In consideration of the type of feedback provided at PIC #6, insights provided were considered an interest or comment; no issues were raised at PIC #6. Key feedback themes reflected a range of interests and comments, highlighting the importance of

4. Due to the size and complexity of the documents, along with limited resources available across Canada to complete the translations in Cree, these documents were not available at the time of this meeting.

safety, environmental stewardship, and ongoing consultation and engagement. The following high-level interests / comments were provided at PIC #6 and community meetings:

- Questions regarding land access, such as for hunting and trapping;
- Adding visuals and known landmarks on maps;
- Engineering and design, including construction camps, water crossings, and road design;
- Community benefits received from the road;
- Access and safety of the road, including ownership and restrictions on use;
- Training programs and job opportunities during and post-construction;
- Interest in the Food Sampling Program;
- Community well-being, safety, including mental health, drugs, and alcohol;
- Cumulative effects and the Project Inclusion List;
- Consultation and engagement methods, including meeting outreach, Community Access Road timelines, map locations, and differentiations between other road projects in the area;
- Cultural heritage information including burial grounds (note: these areas were already known by the MFFN Community Access Road Project Team); and
- In-Community Forestry Road upgrades.

A detailed description of PIC #6, including the materials presented, comments, questions, and responses (via summary report) is available in **Appendix A**.

2.1.3 Three Roads Project Gathering and Expo

A second Three Roads Project Gathering and Expo was held in Thunder Bay on February 19 and 20, 2025, and in Timmins on February 25 and 26, 2025, with the province offering to fund up to three representatives from each Indigenous community to attend the event in person. The forum was hosted by Indigenous & Community Engagement (ICE), with the support of the Community Access Road, Webequie Supply Road (WSR), and Northern Road Link (NRL). The purpose of this forum was to advance conversations from the last forum that took place in June 2024, with an emphasis on the release of the Draft EA / IS, and to provide a space where participants could engage and learn more about the three unique road projects, ask questions, and share feedback.

The first day of the February 2025 Three Roads Project Gathering and Expo provided project overviews, panel discussions, individual community breakout sessions, and an expo style forum where participants could visit various booths hosted by Project Team

members for all three road projects. The Community Access Road Booth emphasized the: Draft EA / IS, Cumulative Effects Assessment methodology, and the proposed Project Inclusions List; consultation and engagement efforts to date; and project effects and mitigations. The second day of the forum included panel discussions on ATRI and additional breakout sessions. Private breakout sessions with each road project were available for Indigenous communities. The MFFN Community Access Road Project Team held seven breakout sessions with ten communities (grouping of each breakout session is as follows):

- Animbiigoo Zaagi'igan Anishinaabek;
- Aroland First Nation;
- Attawapiskat First Nation;
- Constance Lake First Nation, Fort Albany First Nation, and Long Lake #58 First Nation;
- Kashechewan First Nation and Mushkegowuk Council;
- Nibinamik First Nation, and;
- Red Sky Métis Independent Nation.

Comments received during the private breakout sessions include but are not limited to the following key themes:

- **Construction:** Construction and accident prevention methods and such as spill control and dust abatement;
- **Consultation methods:** Consultation and engagement during the Draft EA / IS review period and document translation availability;
- **Employment and economy:** Capacity building benefits from the Community Access Road;
- **Socio-community:** Growth and development resulting from the Community Access Road;
- **Post construction:** Operations and maintenance activities during and post-construction, including traffic estimates and access;
- **Climate change:** Concerns and actions taken in consideration of the Community Access Road;
- **Cumulative effects:** Impacts in relation to other road projects and caribou; and
- **General project:** Road construction timelines.

Meeting notes from breakout sessions are included in each communities' specific appendix, and feedback is documented in their community-specific chapter of the Milestone #4 Progress Report (for issues) or the Comments and Interests List in the

Final RoCE for Indigenous Communities (for comments and interests). Confidential meeting notes and feedback are not included.

2.1.4 Community Meetings

Twenty-seven community meetings occurred during the reporting period. These meetings are summarized below, in addition to the Three Roads Project Gathering and Expo breakout sessions, which are listed above. Additional details may be found in individual community chapters.

MFFN

Two meetings with MFFN were scheduled in October 2024. A meeting occurred in Thunder Bay, Ontario, on October 15, 2024. A second meeting was planned in Marten Falls for October 17, 2024, but due to unforeseen circumstances in the Community, the meeting was cancelled.

A total of approximately⁵ 16 MFFN community members attended the community member meeting. At these meetings, attendees were encouraged to share their feedback, concerns, and pose questions verbally or by completing the available feedback form. Questions were answered by MFFN Senior Community Member Advisors and the MFFN Community Access Road Project Team members and Consultants. The MFFN community meetings focused on new information on the Draft EA / IS review process, construction, socio-community studies, potential effects and mitigation measures, offsetting activities, cumulative effects, and climate change challenges.

MFFN community members feedback centered around:

- Learning more about topics relating to socio-community, including housing, human health, and safety;
- Providing climate change observations within the Community;
- Water crossings; and
- Employment opportunities during construction.

Meetings with MFFN community members also occurred on February 12 and 19, 2025, in Marten Falls and Thunder Bay, respectively. A total of approximately 25 community members attended the community meetings. The intent of these meetings was to deliver a printed copy of the Draft EA / IS and to discuss what was included in the report

5. Sign-in at these events was voluntary, therefore numbers have been approximated.

and the review timeline. In addition to the full Draft EA / IS, Assessment Summary Packages were shared with community members.

Feedback centred around:

- Road construction, design, and the preferred route;
- Construction schedules; and
- Consultation and engagement methods during the Draft EA / IS review period.

Meetings with MFFN community members also occurred on May 27 and 28, 2025, in Thunder Bay and Marten Falls, respectively. A total of approximately 68 MFFN community members attended the community member meetings. At these meetings, attendees were encouraged to share their feedback and concerns, and to pose questions either verbally or in writing using the available feedback forms. Questions were answered by MFFN Senior Community Member Advisors and the MFFN Community Access Road Project Team members and Consultants. The MFFN community meetings focused on the Draft EA / IS and how to provide feedback, the road and community well-being, and cumulative effects and final projects / activities considered.

Feedback centred around:

- Community well-being, including expressed excitement about the Country Foods Program;
- Concern regarding the road increasing access to drugs and alcohol; and
- Recommendations regarding different ways to provide notice about the community meetings in the future.

Additional opportunities to provide feedback were presented through the Country Foods Program and Story Beads Exercise. The Community Well-Being Team conducted a Country Foods Program where community members provided samples of foods to assess existing contaminant levels in traditional food species commonly harvested and consumed within the Community. The Story Beads Exercise was intended to create space for intergenerational dialogue and shared storytelling using beadwork as a metaphor. MFFN members shared stories and their hopes and concerns around the Community Access Road, including increased access to food and reduced cost of living, and their concerns about outsider access and substance abuse.

Figure 2-1: Photos from the Country Foods Program and Story Beads Exercise in MFFN

MFFN held a general meeting on July 4, 2025, in Thunder Bay, and invited a member of the MFFN Community Access Road Project Team to present on the Community Access Road. The presentation outlined the Assessment Process, the EA / IS schedule, feedback received during the Draft EA / IS, consultation and engagement activities that occurred during the Draft EA / IS review period, and an update on the Country Foods Program.

Animbiigoo Zaagi'igan Anishinaabek

The MFFN Community Access Road Project Team met in-person and online with Animbiigoo Zaagi'igan Anishinaabek on August 28, 2024, to discuss the IK Program, along with the IK Funding Agreement. Four people attended the meeting, including representatives from Animbiigoo Zaagi'igan Anishinaabek and MFFN Community Access Road Project Team and Consultants. An overview of the IK Program and its deliverables was given, followed by a question and answer period.

Comments and questions received included, but were not limited to:

- If feedback on the Draft Preliminary ATRI Existing Conditions Report was still being accepted;
- How study areas were assessed; and
- How information on traditional territory would be used for Animbiigoo Zaagi'igan Anishinaabek's area of interest.

Follow-up discussions included ATRI report feedback, information on study areas, clarification on traditional territory, and areas of interest. Representatives of Animbiigoo Zaagi'igan Anishinaabek requested a Community Access Road schedule and consultation and engagement milestones to be distributed following the meeting, and indicated they would confirm if information on their traditional territory could be shared with the MFFN Community Access Road Project Team.

Aroland First Nation

Meetings with Aroland First Nation occurred on May 28 and 29, 2025, in Thunder Bay and Aroland, respectively. Approximately 12 individuals attended the community meeting in Thunder Bay on May 28, 2025, and approximately 23 individuals attended the meeting in Aroland First Nation on May 29, 2025. Due to a miscommunication regarding the date and time of the Aroland First Nation members only meeting, members of Aroland First Nation also attended the MFFN members meeting on May 27, 2025. Approximately 22 Aroland First Nation members attended the meeting on May 27, 2025.

At these meetings, attendees were encouraged to share their feedback, concerns, and pose questions verbally or in writing using the available feedback form. Questions were answered by MFFN Senior Community Member Advisors and the MFFN Community Access Road Project Team and Consultants. The MFFN community meetings discussed the Draft EA / IS and how to provide feedback, community well-being studies, cumulative effects, and the Project Inclusions List.

Questions and comments centred around:

- Community well-being and health;
- Trapline use;
- Water crossings; and
- Potential effects of the road.

The Community Well-Being Team hosted a Story Beads Exercise at these meetings which intended to create space for intergenerational dialogue and shared storytelling using beadwork as a metaphor. Aroland members shared stories and their concerns about environmental impacts in relation to the Community Access Road, especially related to water, wildlife migration, and the Ring of Fire. Aroland First Nation members also expressed strong interest in the Community Access Road, highlighting its potential to improve access to food, goods, services, and employment opportunities.

In April of 2024, a task force was created between Marten Falls First Nation and Aroland First Nation to discuss various topics, including advancing discussions related

to the Community Access Road and other road projects, as well as collaboration between the nations. Several task force meetings have occurred between the two communities; however, they are not specific to the Community Access Road and fall outside of the scope of this Environmental Assessment / Impact Statement. Two task force meetings occurred within the reporting period, on August 8, 2024, and October 29, 2024.

Constance Lake First Nation

The MFFN Community Access Road Project Team held a meeting in Constance Lake First Nation on February 22, 2025, to provide a general overview of the Community Access Road and present an update on the Draft EA / IS. Approximately ten people attended. The meeting format consisted of a sit-down dinner and presentation from the MFFN Community Access Road Project Team to share general information on the Community Access Road and the Draft EA / IS.

A variety of topics were discussed, which included:

- Mitigation measures and cumulative effects;
- Road ownership and access;
- Human health;
- ATRI; and
- Consultation and engagement methods.

Fort Albany First Nation

The MFFN Community Access Road Project Team met virtually with Fort Albany First Nation on November 7, 2024, to discuss various Community Access Road updates and meaningful consultation and engagement. Five people attended this meeting, including representatives from Fort Albany First Nation and MFFN Community Access Road Project Team and Consultants. During the meeting, discussions surrounded Fort Albany First Nation's concerns related to the Community Access Road, consultation and engagement methods, and the release of the Draft EA / IS. Fort Albany also inquired about the comments they made on the Stage 1 Archaeological Assessment and the Draft Preliminary ATRI Existing Conditions Report. Updates were provided by the MFFN Community Access Road Project Team on the IK Program and the new Community Capacity Program.

A variety of topics were discussed, which included:

- Availability of the Draft EA / IS;
- Communications regarding the Draft EA / IS timeline;

- The Community Capacity Funding Agreement;
- A request from Fort Albany First Nation on the response to comments on the Archaeological Assessment Report and the Draft Preliminary ATRI Existing Conditions Report; and
- Fort Albany First Nation's Milestone #1 Progress Report comments, following the meeting.

A virtual meeting between the MFFN Community Access Road Project Team and Fort Albany First Nation also occurred on June 3, 2025, to discuss the ongoing review of the Draft EA / IS. 15 people attended this meeting, including representatives from Fort Albany First Nation and the MFFN Community Access Road Project Team and Consultants. During the meeting, discussions surrounded identifying gaps noted by Fort Albany First Nation in the Draft EA / IS. Specific topics of discussion included:

- Bill 5;
- Future development in the Project area;
- Free, Prior, and Informed Consent;
- Mitigations of psycho-social impacts, including but not limited to gendered violence and impacts to youth;
- Protection and plans for access and stewardship for harvesting areas, sacred areas, and burial sites;
- The importance of the Albany River and water assessments;
- Moose movement and habitat disruption;
- Regional impacts and other development as a result of the Community Access Road; and
- Anticipated timelines for the release of the ATRI: Draft IA Report.

Representatives from Fort Albany First Nation requested that the ATRI: Draft IA Report be distributed to the community. They also asked that the MFFN Community Access Road Project Team provide written responses to Fort Albany First Nation's comments on the Draft EA / IS, once submitted. Additionally, Fort Albany First Nation indicated that they would request an in-community meeting with the MFFN Community Access Road Project Team after the community has completed its review of the Draft EA / IS.

The MFFN Community Access Road Project Team requested Fort Albany First Nation's final IK Report and preferred payment method for the distribution of IK Program funding (note, IK funding has since been provided).

Ginoogaming First Nation

The MFFN Community Access Road Project Team met with Ginoogaming First Nation on August 1, 2024, to discuss the work being done by the MFFN Community Access Road Archaeology Team. Nine people attended this meeting, including representatives from Ginoogaming First Nation and MFFN Community Access Road Project Team and Consultants. The meeting was held virtually and discussed the Elder's Committee, as well as involvement of Indigenous perspectives (e.g., Indigenous archaeologists on archaeology work). The MFFN Community Access Road Archaeology Team provided an overview of their work and answered questions.

Following the meeting, Ginoogaming First Nation was provided an Executive Indigenous Summary of the Archaeology Assessment Report and information about findings in the study area of the Community Access Road. Two additional meetings were requested within the reporting period; one with Ginoogaming First Nation representatives and one Nation-to-Nation meeting between Ginoogaming First Nation and MFFN. Both meetings did not happen due to unforeseen circumstances. Two attempts to reschedule the meeting with Ginoogaming First Nation representatives were made during the reporting period, however, the MFFN Community Access Road Project Team did not receive a response regarding the meeting. The MFFN Community Access Road Project Consultant directed Ginoogaming First Nation to reach out directly to MFFN regarding a Nation-to-Nation meeting.

Long Lake #58 First Nation

The MFFN Community Access Road Project Team met virtually with Long Lake #58 First Nation on February 6, 2025, to discuss the IK Program. Nine people attended the meeting, including representatives from Long Lake #58 First Nation and MFFN Community Access Road Project Team and Consultants. Discussions surrounded the desire to participate in the IK Program, materials shared, collection efforts including the timeline, and the revised ATRI study areas for the assessment. Representatives from Long Lake #58 First Nation requested that the:

- Long Lake #58 First Nation Draft Preliminary ATRI Existing Conditions Report be re-sent; and
- Revised figure of the Local and Regional Study Areas will be used for the ATRI Impact Assessment.

The MFFN Community Access Road Project Team also committed to follow-up with Long Lake #58 First Nation Chief and Council on the status of the IK Sharing Agreement and Funding Agreement.

Matawa First Nations Management

The MFFN Community Access Road Project Team met with Matawa First Nations Management virtually on May 9, 2025. Ten people attended this meeting, including representatives of Matawa First Nations Management and MFFN Community Access Road Project Team and Consultants. The meeting included a presentation followed by a question and answer period. Discussions surrounded the Community Well-Being Report, included:

- Economic development;
- Human health;
- Education and training for community members;
- Housing options; and
- Road access.

Matawa First Nations Management requested the link to the Building the Community Access Road webinar; this was shared following the meeting.

Nibinamik First Nation

A community meeting was planned for November 14, 2024, with Nibinamik First Nation, but was cancelled due to unforeseen circumstances. Attempts to reschedule this meeting continued, however, as of September 5, 2025, Nibinamik First Nation had not responded to requests to reschedule the meeting.

2.1.5 Aboriginal and / or Treaty Rights and Interests

Community-specific ATRI: Draft IA Reports were prepared and issued to each community in June and July 2025, with a 90-day review period.

These community-specific ATRI: Draft IA Reports included IK information received from the community prior to January 2025, along with information obtained from publicly available sources. The community-specific ATRI: Draft IA Reports outlined the assessment process for ATRI related to the Community Access Road, and focused specifically on each community. Communities were given 90 days to provide feedback before the finalization of their ATRI: Draft IA Report in October 2025. The ATRI: Draft IA Reports are confidential, therefore feedback provided are not available publicly. An ATRI Summary Report is available in Appendix O of the Final EA / IS. Community-specific Final ATRI Impact Assessment Reports, including a specific Feedback and Response Logs will be available in Spring 2026.

2.1.6 Community Capacity Funding Program

The Community Capacity Funding Program was introduced in November 2024 as an evolution of the existing Community Coordinator Program, offering flexible funding to support communities in reviewing the Draft EA / IS and participating in consultation and engagement activities. The Community Capacity Funding Program offered a one-time capacity funding payment designed to support consultation and engagement on the Community Access Road in a way that best suited the unique needs of each eligible Indigenous community. This new approach provided communities with the flexibility and autonomy to allocate funds as needed to support their review of the Draft EA / IS. Each community who participated in the program provided feedback on the Draft EA / IS.

Introductory letters were sent to specific communities via email between November 1 and 8, 2024. An additional letter was sent to Neskantaga First Nation in May 2025 to provide information on the Community Capacity Program to new Chief and Council. The following nine communities requested and received funding: Aroland First Nation, Animbiigoo Zaagi'igan Anishinaabek, Constance Lake First Nation, Fort Albany First Nation, Ginoogaming First Nation, Kashechewan First Nation, Nibinamik First Nation, MFFN, and Weenusk First Nation. Eabametoong First Nation and Long Lake #58 First Nation, had also expressed interest by this time, but had not yet advanced the steps necessary to obtain funding (e.g., sign Funding Agreement, provide banking information).

This redirected approach resulted in more capacity for participation in consultation and engagement for the Community Access Road. During the timeline of the Community Coordinator Program, only one community participated, whereas nine communities received Community Capacity Funding and of those who received funding, eight provided feedback on the Draft Environmental Assessment / Impact Statement (as of September 5, 2025), with the exception of the Proponent, MFFN.

2.1.7 Field Programs and Education, Consultation, and Engagement on Valued Components

Four field programs took place during the reporting period. To help Indigenous communities better understand the field studies related to valued components, field notices were distributed with plain language information about what the Community Access Road is studying, why it is important, when the field studies will take place, and what to expect when crews are in the field (e.g., an increase in air traffic as crews travel by helicopter). The following notices were published in advance of their respective field studies:

- **Fall 2024 Field Notice** was distributed in September 2024, and provided information about the Groundwater and Geochemistry Program and the Geotechnical investigation;
- **Winter 2025 Field Notice** was distributed in January 2025 and provided information on the Atigwag / Caribou Collar Removal program; and
- **Summer / Fall 2025 Field Notice** was distributed in July 2025, and provided information on the Stage 2 Archaeological Assessment, Groundwater Well Decommissioning, and Geotechnical Investigation.

Whenever possible, in light of availability and safety considerations; field crews were accompanied by MFFN community members, Field Assistant(s), or Senior Community Member Advisor(s); the summer groundwater monitoring (August 2024), the fall groundwater monitoring (September / October 2024) and the Stage 2 Archaeological Assessment (August 2025) were supported by community members. Although Field Assistants were sought from both Aroland First Nation and MFFN, Aroland First Nation members were not able to participate due to scheduling conflicts.

Each of the distributed field notices included links to educational videos and webinars on valued components related to the upcoming field programs. Field notices were distributed by email and posted on the Community Access Road website. Social media posts with information about upcoming field programs were also timed to coincide with the publication of field notices, and information was shared through the Community Access Road monthly E-blast.

2.1.8 Webinars and Videos

Webinars and videos were used to share information on the Assessment Process for the Community Access Road. A webinar series dedicated to technical aspects of the Community Access Road and on the Draft Environmental Assessment / Impact Statement were held during the reporting period.

Five webinars in total were hosted: Building the Community Access Road, Community Well-Being, Ungulates, Fish and Fish Habitat, and Land and Resource Use. The recordings were made available on the Project website.

Informational videos were also developed and shared on the website to provide information on cumulative effects, the Draft EA / IS, and socio-economic considerations.

2.1.9 Raising Awareness

Several activities were completed to raise awareness of the Community Access Road and encourage opportunities to meet with the MFFN Community Access Road Project

Team. E-blasts were distributed and included a section encouraging those interested to reach out and schedule a meeting with the MFFN Community Access Road Project Team. The public Community Access Road Facebook, Instagram, and LinkedIn accounts, and the private MFFN members only Facebook account, were used to share information and promote upcoming events. The Community Access Road website was regularly updated to reflect information that had been shared via the electronic newsletters and social media accounts.

In addition, a separate website was created to host the Draft EA / IS and related documents, along with educational videos and ways to connect with the MFFN Community Access Road Project Team. A separate email account was also created to keep Indigenous communities updated on the Draft EA / IS review period. Communities were encouraged to submit feedback on the Draft EA / IS to this email account.

2.2 Community Access Road Notifications and Information Releases

The following notification and information releases cover communications activities during this reporting period, from August 1, 2024, to September 5, 2025. For all notifications and information releases prior to this reporting period, please visit:

- Community Access Road archive website <https://archive.martenfallsaccessroad.ca/>; and
- Community Access Road main website <https://www.martenfallsaccessroad.ca/>.

2.2.1 Monthly E-blasts

Throughout the Assessment Process, E-blasts were distributed via email to approximately 600 people included on the contact list. E-blasts were distributed monthly and included Community Access Road updates relevant to the month of distribution (e.g., upcoming field programs and consultation and engagement activities). Links to the Community Access Road's social media pages and contact information were always included, along with an offer to meet with the MFFN Community Access Road Project Team. Additionally, E-blasts were published on the Community Access Road website, receiving over 719 views during this reporting period. All E-blasts can be found in **Appendix A**.

2.2.2 Field Program, Webinar, and Video Notifications

Notices for each field program were distributed via email to persons identified on the contact list prior to the study taking place. These notices are provided in **Appendix A**

and on the Community Access Road website (<https://www.martenfallsaccessroad.ca/documents/#notices>).

Notifications for virtual consultation and engagement opportunities, such as webinars, were also distributed via email to the contact list and posted on social media platforms, as appropriate, including the Community Access Road Facebook page and the private MFFN Facebook pages, Instagram, and LinkedIn. Notifications included the date and time of the webinar, links for registration, and webinar poster attachments. Reminder emails were sent shortly before the live webinar occurred. Video notifications were also posted to the Community Access Road website and included in relevant E-blasts, as appropriate. These were also shared to the Community Access Road Facebook, Instagram, and LinkedIn pages to encourage broader outreach with interested persons. Email information for webinars, along with webinar posters, are provided in **Appendix A**.

2.2.3 Release of Milestone #3 Progress Report – November 2024

The Milestone #3 Progress Report was released to each Indigenous community for their review via email between November 28 and 29, 2024. A link was provided to each community-specific section and feedback was requested by February 14, 2025. Only Mushkegowuk Council submitted feedback on the Milestone #3 Progress Report.

In comparison to previous reports:

Aroland First Nation, Fort Albany First Nation, and Métis Nation of Ontario submitted feedback on the Milestone #1 Progress Report; and

Kashechewan First Nation, Weenusk First Nation, and Mushkegowuk Council submitted feedback on the Milestone #2 Progress Report.

A summary of comments received on all three reports, as well as material changes made to each report and where they can be found, is included in each respective community-specific report.

Individual community-specific Milestone #3 Progress Report can be found on the EA / IS website here: <https://eais.martenfallsaccessroad.ca/progress-reports/>.

2.2.4 Draft EA / IS – February 2025

Letters issued to Indigenous communities regarding the upcoming Draft EA / IS were issued between September 24 and 26, 2024, via email.

An email was distributed to Indigenous community key contacts on February 13, 2025, informing of the upcoming release of the Draft EA / IS, and was followed up with an

email on February 19, 2025, informing that the report is available online for their review until June 23, 2025. On April 10, 2025, the Community Well-Being Report was distributed via email to Indigenous community key contacts, and then to MFFN members on April 16, 2025, (the delay was caused by a technical difficulty).

A reminder email was sent on June 19, 2025, giving notice of five days remaining for the end of the review period for the Draft EA / IS. Requests for extensions were received from Indigenous communities and government agencies and were granted. The comment capture period was extended until September 5, 2025, to accommodate these requests. Draft EA / IS materials can be found in **Appendix A**.

2.2.5 PIC #6 – May 2025

PIC #6 was held on May 26, 2025, in Thunder Bay and on May 29, 2025, in Geraldton. A formal notice and invitation to PIC #6 was published on the Community Access Road and EA / IS websites, with the Notice of Publication of the Draft EA / IS, on April 22, 2025, in English, Cree, French, Oji-Cree, and Ojibway. The first hour of each PIC was advertised as for Indigenous community members only. The notice was published between April 26 and May 23, 2025, in the following newspapers: Wawatay News, Geraldton Times Star, and The Chronicle Journal. Online advertisements were posted on April 22, 2025, through the following media outlets: Northern Ontario Business, Windspeaker, Thunder Bay NewsWatch, and Wawatay News. Radio advertisements were released between April 22 and May 26, 2025, on the following radio stations: CFNO Radio, CHRZ-FM (91.3) REZFM, and Wawatay Radio. PIC #6 was also advertised on the Community Access Road Facebook, Instagram, and LinkedIn pages, the private MFFN Facebook page, and the Municipality of Greenstone online events calendar. PIC #6 materials can be found in **Appendix A**.

2.2.6 MFFN Community Member Meetings – October 2024

Meetings with MFFN, open to Chief and Council and community members, were planned for October 15, 2024, and October 17, 2024, in Thunder Bay and Ogoki, respectively. Notifications were distributed via email on October 2 and 9, 2024, and included a poster attachment; posters were placed at the health centre, band office and choose life building in MFFN. The notice was also posted on the private MFFN and the Ogoki Post Bulletin Facebook pages on October 8, 14, and 15, 2024. A copy of the notice is provided in **Appendix B**.

Due to unforeseen circumstances in the Community, the meeting planned for October 17, 2024, was cancelled.

2.2.7 MFFN Community Member Meetings – February 2025

Meetings with MFFN, open to Chief and Council and community members, were planned for February 11 and 12, 2025, in Thunder Bay and Ogoki, respectively. Notifications were distributed via email on January 30 and February 10, 2025, and included a poster attachment; posters were placed at the health centre, band office, and choose life building in MFFN. Due to the cancellation of the February 11 meeting, an additional email reminder was sent on February 14, 2025, for the rescheduled meeting on February 19, 2025. The notice was also posted on the private MFFN and the Ogoki Post Bulletin Facebook pages on February 15 and 18, 2025. A copy of the notice is provided in **Appendix B**.

2.2.8 MFFN Community Member Meetings – May 2025

Meetings with MFFN, open to Chief and Council and community members, were planned for May 27 and 28, 2025, in Thunder Bay and Ogoki, respectively. Notifications were distributed via email on May 21 and 27, 2025, and included a poster attachment; posters were placed at the health centre, band office, and choose life building in MFFN. The notice was also posted on the private MFFN and the Ogoki Post Bulletin Facebook pages on May 22, 2025. A copy of the notice is provided in **Appendix B**.

2.2.9 Aroland First Nation Community Member Meetings – May 2025

Meetings with MFFN, open to Chief and Council and community members, were planned for May 27 and 28, 2025, in Thunder Bay and Ogoki, respectively. Outreach consisted of an email with meeting details for each consultation and engagement along with a poster for distribution. The email notification showed the correct meeting dates (May 28, 2025, in Thunder Bay, and May 29, 2025, in Aroland First Nation), however, a typo on the poster led to a miscommunication around the Thunder Bay meeting date. As a result, Aroland First Nation members attended the MFFN members meeting on May 27, 2025, in Thunder Bay, as well as the planned Aroland meeting on May 28, 2025. A copy of the notice is provided in **Appendix B**.

2.3 Consultation and Engagement Snapshot

Table 2-2 provides an overview of consultation and engagement activities that took place from milestone 1 to milestone 4, including upcoming activities. Issues received through consultation and engagement activities during this reporting period are included in **Section 3**. Comments and interests received from Indigenous communities are included in Appendix X of the Final EA / IS.

Items without an asterisk occurred during the NoC of EA milestone between October 29, 2021, to June 30, 2022, the Effects Assessment milestone from July 1, 2022, to May

31, 2023, and the Identification of Preferred Alternatives milestone from June 1, 2023, to July 31, 2024. Items with an asterisk occurred during Milestone 4: Draft EA / IS reporting period from August 1, 2024, to September 5, 2025, or are planned to take place after September 5, 2025.

Table 2-2: Consultation and Engagement Snapshot – From October 29, 2021, to September 5, 2025

Project Phases: NoC of EA, Effects Assessment, Identification of Preferred Alternatives, and Draft EA / IS			
Activity	Audience

3. Consultation and Engagement with Indigenous Communities, Provincial and Territorial Organizations and Tribal Councils

3.1 Consultation and Engagement with Indigenous Communities

To summarize overall consultation and engagement with each Indigenous community, the following analytics were performed:

The **Level of Consultation and Engagement Effort and Response** bar graphs in each community-specific chapter reflect the efforts taken by the MFFN Community Access Road Project Team to engage Indigenous communities and the level of response received. Communications channels considered include **email correspondence** (outgoing and incoming), **phone correspondence** (outgoing and incoming) and **meetings offered in comparison to meetings scheduled**, by any means of communication.

- **Email Correspondence** reflects all emails sent between the MFFN Community Access Road Project Team and Indigenous communities:
 - **Outgoing Email Correspondence** reflects all personalized emails sent from the MFFN Community Access Road Project Team to a specific Indigenous community and mass communications sent to all communities by the MFFN Community Access Road Project Team; and
 - **Incoming Email Correspondence** includes emails received from an Indigenous community directly to MFFN Community Access Road Project Team; emails that only confirm receipt of an outgoing email or emails where the MFFN Community Access Road Project Team are copied but not directly mentioned are not included.
- **Phone Correspondence** reflects all call attempts between the MFFN Community Access Road Project Team and an Indigenous community:
 - **Outgoing Phone Calls** reflect all phone calls made by the MFFN Community Access Road Project Team to an Indigenous community. Answered Phone Calls includes those calls that were answered immediately by the intended recipient or were returned at a later time when the contact was available; and

- **Incoming Phone Calls** reflect instances where Indigenous communities contacted MFFN Community Access Road Project Team without a previous outgoing phone call.
- **Mail Correspondence** reflects all physical mail exchange between the MFFN Community Access Road Project Team and an Indigenous community:
